## **Ripon College Men's Lacrosse Club One Fund**

### **Student Senate Representatives:**

On behalf of the Ripon College Lacrosse Club, we offer you this one fund proposal with our greatest appreciation for your consideration.

### **Our Request:**

As an organization we are seeking \$3,059.32 to fund the league fee, and additional sticks and helmets.

### **Rationale:**

The Ripon College Men's lacrosse team has been in existence and competing, on the inter-collegiate level, within the Great Lakes Lacrosse league since 2008. Since 2008, the Ripon College Student Senate has been extremely generous and supportive of our club's financial needs. In the fall of 2013 we were given the funds to support the purchase of our new set of uniforms and helmets. Now that two seasons have since passed, we are in need of additional helmets and sticks to accommodate our teams increased size. In addition, general wear and tear and game-worn damage has occurred to a number of our jerseys after several games of competition over the previous years.

We are requesting for the money to once again join the Great Lakes Lacrosse League (GLLL). The GLLL provides our team with a full 8 game schedule and an end of the year tournament. This includes all of the referee fees for every game. Most games are played in Ripon with a few away games. We provide transportation and accommodations for the players who choose to come to the away games.

I believe that new helmets are a necessity due to the physicality of the game of lacrosse. We want to make sure that we protect the health of our players and having proper equipment is the first step in doing this. We have researched thoroughly, and we have found helmets that will be both protective and cost efficient. We have also found lacrosse sticks that are effective and long lasting. All of the helmets and sticks will be checked into the student activities office at the end of the season to make sure they stay with Ripon College. Members of the lacrosse team have to pay for other equipment such as gloves, elbow pads, and shoulder pads. Each member roughly will pay around \$150-\$250 out of their own money after they have obtained all of their gear.

### **Description and Cost**

Great Lakes Lacrosse League Fee = \$2,000

6 New Helmets = \$659.40

8 New Sticks = \$399.92

\*\*All prices include shipping and any remaining funds will be returned to senate.

**Total: \$3,059.32**

Dear Student Senate,

The Feminist Club is seeking **\$179.84** to purchase new contraception and health materials. Sexual health and safety is an important part of Feminist's club mission. We encourage a safe sex life, but recognize the lack of female and LGBTQIA\* contraception and safe sex materials available on campus. The college has an abundance of male condoms and we would like to contribute to Ripon College's safe sex supplies by purchasing female contraception as well as other much needed materials such as tampons and pads. Our plan is to distribute these products at feminist-sponsored events, so that these products would be available to the whole campus. If this One-Fund is granted, we plan to hand out the products at our next event, One Big Sexy Blowout, on November 15th. Sex is something that should be fun, not dangerous and we want to make sure everyone has access to proper protection, regardless of financial circumstances here at Ripon College. Below we have listed the prices of the products we wish to purchase. Thank you for your consideration.

Sincerely,  
The Feminist Club Exec
